

A The bedroom

I put on my pyjamas, got into bed, and read a book for half an hour. Then I set the alarm clock, switched off the light and went to sleep.

B The bathroom

I didn't have time for a bath, but I had a wash, cleaned my teeth, and then I went to bed.

C Housework

My room is very tidy (= everything in order), but my brother is very untidy – his clothes all over the floor (= everywhere) and never makes his bed. The room is a mess. (= very untidy)

I do the washing-up (= wash the dishes) every evening, and I normally do some ironing (= wash and iron clothes) at the weekend. I Hoover the carpets once a week.

washing machine
