

Around the home (I)

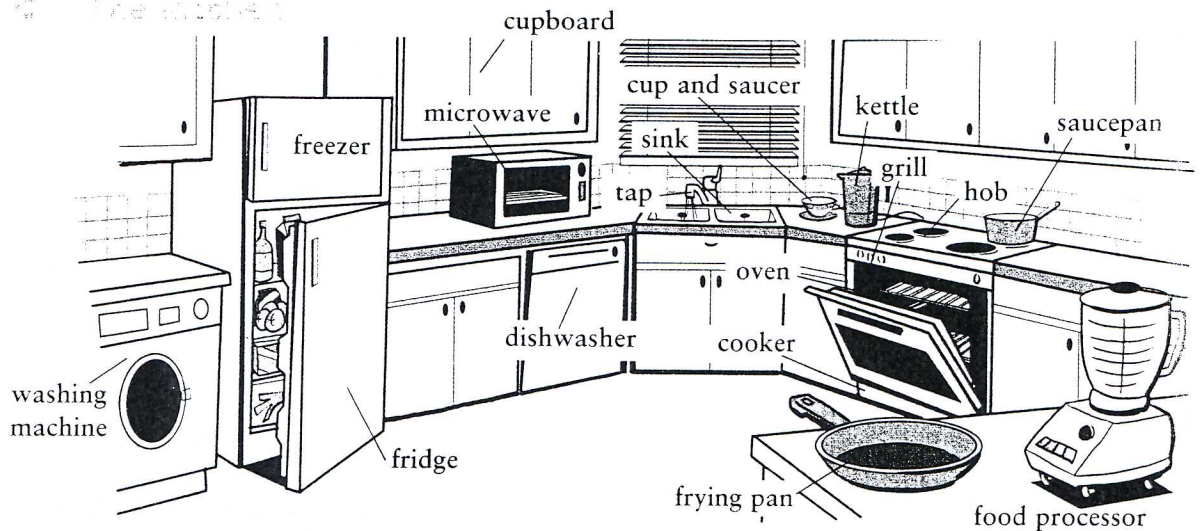

The living room or lounge (= where you sit, relax and watch TV); the dining room; the kitchen; the bedroom(s); and the bathroom(s). Some people have a study (= room with a desk where you work) and a spare room (= room you don't use every day, and where guests can sleep). The entrance area in a house or flat is called the hall.

The living room

While the cat was asleep in the armchair, I sat on the sofa and had a look at the paper. Then I turned on the TV to watch the news.

The kitchen

I put the meat in the oven, then I made myself a coffee and put the milk back in the fridge. After that, I put some cups and saucers in the dishwasher.
